What is Internet Safety?

10:56 AM

Internet safety or online safety is about trying to be safe on the internet. It requires maximizing a user's awareness of personal safety and security risks to private information associated with using the internet.

10:59AM

Why is Internet Safety important?

11:30 AM

The Internet can be a wonderful place to learn, shop, play games, and talk to your friends. Unfortunately, there are also predators, identity thieves, and others online who may try to harm you. To be safe online, it's important for us to be aware of the dangers.

11:35AM

What are 4 ways to stay safe online?

2:30 PM

1. Don't give out personal information
2. Never send pictures to strangers
3. Keep passwords private
4. Don't download anything without permission

2:35 PM
